

ROFIKUL MASUD

Bonn, Germany

ben-masud.org • r.ben.masud@gmail.com

PROFILE

MSc Computer Science student at the University of Bonn with a background in machine learning, data science and software development. Research experience at institutes of the Russian Academy of Sciences, industry experience as a machine learning developer in the financial sector, and current work in university IT administration. Analytical, adaptable and used to international, interdisciplinary teams.

EDUCATION

04/2026 – 2028 Bonn, Germany	MSc Computer Science University of Bonn, Institute of Computer Science <i>Studies in progress; GPA not yet available</i>
09/2021 – 07/2025 Novosibirsk, Russia	BSc Computer Science and Computer Engineering Novosibirsk State University

WORK EXPERIENCE

07/2026 – present Bonn, Germany	Student Assistant (Studentische Hilfskraft) Bonn Graduate School of Economics (BGSE) IT administration and website maintenance
07/2024 – 06/2025 Novosibirsk, Russia	Junior Machine Learning Developer AITISIB LLC - Developed and maintained scalable, secure solutions for financial institutions, integrating AI and machine learning models - Automated workflows, managed CI/CD pipelines and optimised infrastructure for traditional and AI-driven applications
05/2024 – 07/2024 Novosibirsk, Russia	Data Science Intern (R&D) Sberbank-Technology, Model Risk Management Developed and validated machine learning models for risk prediction; automated processes in Python and ensured data quality
11/2023 – 03/2026 Novosibirsk, Russia	Co-founder Priests of Ob Sea (student start-up, NSU) - Built software, mobile and AI-based products with a five-person team; took part in national hackathons and secured funding - Roles: UI/UX designer, full-stack developer, ML developer, tester

RESEARCH EXPERIENCE

06/2025 – 03/2026	Research Intern Artificial Intelligence Laboratory, A. P. Ershov Institute of Informatics Systems (RAS, Siberian Branch)
11/2024 – 05/2025	Research Intern Laboratory of Machine Graphic Software Systems, Institute of Automation and Electrometry (RAS, Siberian Branch)
09/2024 – 05/2025	Research Intern Laboratory of Modern Computer Technologies, Novosibirsk State University
09/2024 – 06/2025	Bachelor's thesis ML for direct and inverse problems in borehole logging (VIKPB device signals) - Led to a peer-reviewed, Scopus-indexed publication in the IEEE XVII APEIE Conference Proceedings, 2025 - Advisor: Alexander A. Vlasov, PhD (NSU / Institute of Automation and Electrometry)
09/2024 – 06/2025	BIS software co-author Software for rapid analysis of high-frequency borehole measurement data (C++, Python); officially registered, Certificate No. RU2024687640

SKILLS

Programming: Python, Java, C/C++, SQL, Go, JavaScript, Haskell

ML / AI: Scikit-learn, TensorFlow, Keras, PyTorch; CNNs, RNNs, transformers; NLP (spaCy, Hugging Face); computer vision (OpenCV, YOLO)

Data: NumPy, Pandas, R, SQL; statistical analysis, time series, A/B testing; Matplotlib, Seaborn, Plotly, Tableau, Power BI

Web and backend: React, HTML/CSS, Flask, FastAPI, REST APIs, microservices; MySQL, PostgreSQL, SQLite

DevOps and tools: Docker, Nginx, CI/CD, Linux administration, shell scripting; AWS, GCP; Git, GitHub, GitLab, Jira; Selenium, Postman, PyTest, JUnit

LANGUAGES

English (C1) • Russian (B2) • German (A2, preparing for B1)

VOLUNTEERING AND INTERESTS

Mentor in a university mental health peer-support club; organiser of literary evenings at the university library; member of a cycling club and an archery club. Interests: reading, blogging, hiking, swimming, reciting poetry.
