

ROFIKUL MASUD

Bonn, Germany

ben-masud.org · r.ben.masud@gmail.com

PROFILE

MSc Computer Science student at the University of Bonn with a background in machine learning, data science and software development. Research experience at institutes of the Russian Academy of Sciences, industry experience as a machine learning developer in the financial sector, and current work in university IT administration. Analytical, adaptable and used to international, interdisciplinary teams.

EDUCATION

MSc Computer Science

University of Bonn, Institute of Computer Science

April 2026-2028 · Bonn, Germany

Studies in progress; GPA not yet available.

BSc Computer Science and Computer Engineering

Novosibirsk State University

September 2021-July 2025 · Novosibirsk, Russia

WORK EXPERIENCE

Student Assistant (Studentische Hilfskraft)

Bonn Graduate School of Economics (BGSE)

July 2026-present · Bonn, Germany

- IT administration and website maintenance.

Junior Machine Learning Developer

AITISIB LLC

July 2024-June 2025 · Novosibirsk, Russia

- Developed and maintained scalable, secure solutions for financial institutions, integrating AI and machine learning models.
- Automated workflows, managed CI/CD pipelines and optimised infrastructure for traditional and AI-driven applications.

Data Science Intern (R&D)

Sberbank-Technology, Model Risk Management

May 2024-July 2024 · Novosibirsk, Russia

- Developed and validated machine learning models for risk prediction; automated processes in Python and ensured data quality.

Co-founder

Priests of Ob Sea (student start-up, NSU)

November 2023-March 2026 · Novosibirsk, Russia

- Built software, mobile and AI-based products with a five-person team; took part in national hackathons and secured funding.
- Roles: UI/UX designer, full-stack developer, ML developer, tester.

RESEARCH EXPERIENCE

Research Intern · Artificial Intelligence Laboratory

A. P. Ershov Institute of Informatics Systems (RAS, Siberian Branch)

June 2025-March 2026

Research Intern · Laboratory of Machine Graphic Software Systems

Institute of Automation and Electrometry (RAS, Siberian Branch)

November 2024-May 2025

Research Intern · Laboratory of Modern Computer Technologies

Novosibirsk State University

September 2024-May 2025

Bachelor's thesis

ML for direct and inverse problems in borehole logging (VIKPB device signals)

September 2024-June 2025

- Led to a peer-reviewed, Scopus-indexed publication in the IEEE XVII APEIE Conference Proceedings, 2025.
- Advisor: Alexander A. Vlasov, PhD (NSU / Institute of Automation and Electrometry).

BIS software · Co-author

September 2024-June 2025

- Software for rapid analysis of high-frequency borehole measurement data (C++, Python); officially registered, Certificate No. RU2024687640.

SKILLS

Programming: Python, Java, C/C++, SQL, Go, JavaScript, Haskell.

ML / AI: Scikit-learn, TensorFlow, Keras, PyTorch; CNNs, RNNs, transformers; NLP (spaCy, Hugging Face); computer vision (OpenCV, YOLO).

Data: NumPy, Pandas, R, SQL; statistical analysis, time series, A/B testing; Matplotlib, Seaborn, Plotly, Tableau, Power BI.

Web and backend: React, HTML/CSS, Flask, FastAPI, REST APIs, microservices; MySQL, PostgreSQL, SQLite.

DevOps and tools: Docker, Nginx, CI/CD, Linux administration, shell scripting; AWS, GCP; Git, GitHub, GitLab, Jira; Selenium, Postman, PyTest, JUnit.

LANGUAGES

English (C1) · Russian (B2) · German (A2, preparing for B1)

VOLUNTEERING AND INTERESTS

Mentor in a university mental health peer-support club; organiser of literary evenings at the university library; member of a cycling club and an archery club.

Interests: reading, blogging, hiking, swimming, reciting poetry.
